

PORT KLANG AUTHORITY

NOTICE NO.4/2016

**VERIFIED GROSS MASS FOR OUT OF GAUGE (OOG) CONTAINER PURSUANT TO
IMPLEMENTATION OF SOLAS VGM EFFECTIVE FROM 1ST JULY 2016**

1. Port Klang Terminals **will not be providing weighing services for Out Of Gauge (OOG)** containers to obtain the Verified Gross Mass (VGM).

2. Shippers may use third party weighing stations (Method 1) to obtain the VGM and submit the information to terminal prior to gate in. However, Terminals will also accept VGM from Shippers for OOG containers subject to the following conditions:
 - i. Shipper registered under Method 2 with Marine Department Malaysia.
 - ii. The weight is marked or printed permanently on the surface of the cargo or on plate permanently attached with the cargo indicating the weight.
 - iii. The cargo weight, tare weight of flat track and lashing materials are added to obtain the VGM.
 - iv. The VGM is transmitted to Terminal via Port Klang Net System and attached with photos of the weight markings or permanently attached plates of the weight of the cargo.

Thank you.

Kapt. K.Subramaniam
Asst. General Manager (Operation & Regulatory)
Port Klang Authority
