PORT KLANG AUTHORITY YEAR 2023

WHARF 8A, MARINE BASE

TIME AND HEIGHT OF HIGH AND LOW WATER

GMT + 08.00hrs

Table with columns for months (JANUARY to DECEMBER) and time (dd Time m). It contains tide prediction data for Wharf 8A, Marine Base, including high and low water times and heights.

* Tidal prediction data provided in this page is intended for information and guidance only. We take no responsibility for loss, damages, personal injury or death caused or sustained or any incident that may arise from your reliance or use of this data
** There can be slight differences in the order of a few minutes for predicted times or up to 0.3m for predicted heights between the values printed in the 'Malaysia 2023 Tide Tables by National Hydrographic Centre' and those published on the PKA website. These differences are due to the prediction software that produces them, period of observation and the different in tide location.
