KENYATAAN AKHBAR

13 APRIL 2021

KEMAS KINI INSIDEN KEBAKARAN KAPAL MV INTERASIA CATALYST

1. Susulan kenyataan Lembaga Pelabuhan Kelang (LPK) pada 10 April 2021, kebakaran MV Interasia Catalyst telah berjaya dipadamkan pada jam 2.00 petang pada hari Isnin 12 April 2021.
2. Kebakaran yang melibatkan 13 kontena di dek kapal itu dipadamkan oleh sepasukan 50 anggota bomba dari Jabatan Bomba & Penyelamat Malaysia, Pasukan Bomba Northport dan Westports, Agensi Penguatkuasaan Maritim Malaysia (APMM), Polis Marin dan Pasukan Khas Tentera Laut (Paskal). Usahasama pasukan tindakan kecemasan tersebut turut dibantu oleh 4 kapal tunda pemadam kebakaran dari pelabuhan bagi menghalang kebakaran merebak ke kontena lain.
3. Jabatan Laut Malaysia, Lembaga Pelabuhan Kelang dan juruukur yang dilantik oleh pemilik kapal kini sedang melakukan penilaian di atas kapal untuk memastikan keadaan kapal dan muatan, dan seterusnya melakukan pelepasan kargo yang terjejas dari kapal.
4. MV Interasia Catalyst, sebuah kapal kontena dengan panjang keseluruhan (LOA) 260 meter melaporkan bahawa terdapat kepulan asap di beberapa kontena di dek pada 5 April 2021 ketika berlayar dari Pelabuhan Klang ke Cochin, India. Kapal itu kembali ke Pelabuhan Klang pada 7 April 2021 dan langkah-langkah memadam kebakaran dimulakan segera di luar kawasan berlabuh setelah Kapten kapal mendapatkan bantuan dari pelabuhan.
5. Tiada kemalangan jiwa dilaporkan dan tindakan tegas telah diambil bagi mencegah berlakunya pencemaran. Insiden ini juga tidak menjejaskan operasi pelabuhan, yang mana kapal-kapal boleh berlabuh keluar dan masuk dari pelabuhan tanpa sebarang gangguan.

PRESS RELEASE

13 APRIL 2021

UPDATE ON FIRE INCIDENT ON BOARD MV INTERASIA CATALYST

1. Further to our statement on 10 April 2021, the fire on MV Interasia Catalyst was successfully extinguished at 1400 hrs on Monday 12 April 2021.
2. The fire which affected 13 containers on the deck of the ship was put out by a team of 50 firefighters from Malaysian Fire & Rescue Department, Northport and Westports Fire Brigades, Malaysian Maritime Enforcement Agency (MMEA), Marine Police and Naval Special Forces (Paskal). The joint efforts of the emergency response teams together with the assistance provided by 4 firefighting tugs from the port were instrumental in preventing the fire from spreading to other containers.
3. The Malaysian Marine Department, Port Klang Authority and surveyors appointed by the vessel's owners are currently conducting onboard assessment to ascertain the condition of the ship and its cargo and thereafter plan the discharge of the affected cargo from the vessel.
4. MV Interasia Catalyst, a container ship with Length Overall (LOA) of 260 metres reported that several containers on deck was emitting smoke on 5 April 2021 while sailing from Port Klang to Cochin, India. The vessel returned to Port Klang on 7 April 2021 and firefighting measures commenced immediately at the outer anchorage after the vessel's Master sought assistance from the port.
5. No casualties were reported and strict measures were taken to prevent any pollution. Port operations were not affected throughout as vessels calling the port continued to berth and unberth without any interruption.
