PRESS RELEASE

21 JANUARY 2020

PORT KLANG AUTHORITY FACILITATES FREE PARKING FOR PULAU KETAM VISITORS DURING CHINESE NEW YEAR PERIOD 2020

As the Chinese New Year festive period approaches, the number of visitors to Pulau Ketam during the celebration week is expected to increase significantly. Holiday goers will turn to this popular island for an adventurous outing while many others will return to their ancestral homes to celebrate the New Year with friends and family. Pulau Ketam is accessible via the South Port Passenger Jetty in Port Klang which offers scheduled ferry services from the mainland. The terminal and jetty facilities are provided by Port Klang Authority in collaboration with Bebas Dinamik Sdn. Bhd

In the past years, due to limited parking space in the vicinity of the jetty, visitors often park their vehicles haphazardly along the main road shoulders resulting in traffic congestion and damaged vehicles. In a move to overcome such issues, Port Klang Authority (PKA) has taken a proactive approach in providing alternate parking areas on a piece of the Authority's vacant land close to the jetty since 2017.

In a similar initiative this year, as part of its CSR, PKA will provide ample parking space at the vacant land located about 10 mins away from the jetty for a period from 23 January 2020 until 29 January 2020. This facility will be provided free of charge. The parking area will also be supervised by a parking attendant and will be lighted during night hours.

However PKA will not assume liability for any losses incurred and vehicle owners are advised to park at their own risk and to take all necessary precautions. They are also advised not to leave any valuables in their vehicles. Banners and signs will be displayed to provide directions to the parking area.

PKA hopes that visitors will take advantage of the facility provided and enjoy their holidays in Pulau Ketam without having to worry about the safety of their vehicles.
